

lagoon[®] Advanced Care

Wet cleaning
No limits

lagoon® Advanced Care

Fast, easy and green

There's never been a wet-cleaning system like lagoon® Advanced Care before. We've listened to you and developed a solution that meets your needs on every front, making the switch from dry, to wet cleaning, incredibly straightforward.

Say goodbye to solvent-based cleaning with a truly green alternative that's just as fast - with no change to your existing working procedures.

Sustainable and eco-friendly
Water-based cleaning with none of the disadvantages of PERC, which can be dangerous to staff.

Dry-to-Dry in 1 hour
Smart chemicals and processes mean garments are fully dried in the dryer - no hang-drying required.

Rapid return on investment
With a better loading factor, less pre-spotting, easier finishing and faster process times.

Delicate on the delicates
Gentle on fine textiles and wools labelled dry-clean only, as there is less mechanical action. Woolmark-approved.

Keep customers coming back
Outstanding results for garments of every type thanks to specialized detergents and dedicated programs.

Unique continuous workflow

No bottlenecks, no need for staff to learn tricky procedures - a smart intuitive system designed to make your work easier.

Wet cleaning has never been so fast

No other wet-cleaning system on the market offers the same speed and results. Delight customers with rapid turnaround.

Great for the environment, great for your business

More and more customers expect cleaning to be eco-friendly as well as effective. Grow your business with a green system that truly delivers.

The latest process innovations for gentle, safe results

Say goodbye to solvents with our smart, green alternative system that is just as fast and effective without the risk.

Endorsed by experts

The Hohenstein Institute has conducted comparative tests on the effects of both lagoon® Advanced Care and solvent cleaning on delicate garments, in laboratory condition. After more than 10 cleaning cycles, the tests have shown equal or comparable results for both technologies, in terms of textile wear, dimensional change and color loss. More details available on demand.

The wool programmes on the lagoon® wet-cleaning system have been approved by The Woolmark Company since 2004 for cleaning Woolmark garments labelled as dry-clean only. In UK, Eire, Hong Kong and India the Woolmark trade mark is a Certification trade mark.
